Order of Finish for Seeding	wins	losses	differential	run given up	runs scored
1	4	0	19	4	23
2	3	1	12	10	22
3	2	2	-7	15	8
4	1	3	-10	13	3
5	0	4	-14	18	4

### Seeding for the Modified Bowler's Finish will be based on:

- 1) Won-loss records if no teams are tied
- 2) If three teams are tied, determine the first team below, then use the head to head finish to settle seeding between the two remaining teams.
- 3) run differential for only the games between the three tied teams, if two are still tied use least runs given up between only the 3 tied teams, if two are still tied for first, use runs scored for between only the three tied teams, if still tied use run differential against all teams in the pool.
- 4) The key element is to first determine the #1 seed between the three tied teams, then use the head to head for the two teams that are left.

**Friday is the Modified Bowler's Finish Single Elimination Bracket, the undefeated team must be beaten twice in the Final.**

Friday, August 7th, On Friday the higher seed will be the home team, if there is an If Nec game then use a coin flip
